exploring more than 80 big ideas and key theories in a clear and simple way this is the perfect introduction to the study of how humans live and interact with one another covering diversity and equality globalization human rights modern urban living and the role of work and institutions this book looks at the big questions of how we co operate what is society what makes it tick why do we interact in the way that we do with our friends co workers and rivals the perfect way to explore this fascinating subject the sociology book profiles the world s most renowned sociologists and their biggest ideas from the pioneers karl marx and auguste comte to the groundbreaking work of sharon zukin and judith butler each sociological theory is made crystal clear with the help of quirky graphics pithy quotes and step by step summaries that explain each idea in an

easy to grasp way

c wright mills is best remembered for his highly acclaimed work the sociological imagination in which he set forth his views on how social science should be pursued hailed upon publication as a cogent and hard hitting critique the sociological imagination took issue with the ascendant schools of sociology in the united states calling for a humanist sociology connecting the social personal and historical dimensions of our lives the sociological imagination mills calls for is a sociological vision a way of looking at the world that can see links between the apparently private problems of the individual and important social issues

this is sociology is an engaging concise introduction to the key concepts used for studying social life it covers a diverse range of theorists from the rich history of sociology and shows how thinking sociologically can help us understand our lives the groups we are part of and the rapid social changes and inequalities that shape contemporary societies key features uses compelling international examples and a range of theoretical perspectives from across the world including theorists that have often been omitted from the established sociological canon covers topics such as globalization culture gender race and class introduces the latest approaches emerging from efforts to build an inclusive global sociology one that moves beyond a eurocentric perspective and is equipped for the challenges of the 21st century the book is essential reading for anyone new to studying sociology and is supported by a wide range of podcasts videos and discussion questions

this fully updated edition of kenneth allan s acclaimed social theory text emphasizes the diversity of classical and contemporary theory critical thinking and the importance of historical context chosen for the diversity of their perspectives and their suitability for introducing students to contemporary social thought a wide variety of theorists appear in the text with their individual voices vividly intact the author engages students in the historic and contemporary changes that have spawned diverse social theories and invites them to see theory as an element within a broader range of critical thinking skills that can be applied to current social problems contributor to the sage teaching innovations and professional development award

when first published the sociological tradition had a profound and positive impact on sociology providing a rich sense of intellectual background to a relatively new discipline in america robert nisbet describes what he considers the golden age of sociology 1830 1900 outlining five major themes of nineteenth century sociologists community authority status the sacred and alienation nisbet focuses on sociology s european heritage delineating the arguments of tocqueville marx durkheim and

weber in new and revealing ways when the book initially appeared the times literary supplement noted that this thoughtful and lucid guide shows more clearly than any previous book on social thought the common threads in the sociological tradition and the reasons why so many of its central concepts have stood the test of time and lewis coser writing in the new york times book review claimed that this lucidly written and elegantly argued volume should go a long way toward laying to rest the still prevalent idea that sociology is an upstart discipline unconcerned with and alien to the major intellectual currents of the modern world its clear and comprehensive analysis of the origins of this discipline ensures the sociological tradition a permanent place in the literature on sociology and its origins it will be of interest to those interested in sociological theory the history of social thought and the history of ideas indeed as alasdair macintyre observed we are unlikely to be given a better book to explain to us the inheritance of sociology from the conservative tradition

learning about sociology and the sociological imagination invites students to develop a sociological perspective by identifying and considering the links between individual experiences the current social context and the past through a collection of carefully curated readings the text helps readers better understand cultural variations in social interaction the development of self the formation of families and communities the processes that produce conformity or deviance and the conditions that lead to conflict and social change the anthology familiarizes students with theories and methods of sociology and then challenges them to apply what they've learned to explore the influence of race class gender ethnicity and age on the human experience the book features a distinct focus on the social problems of our time including racial inequality the problematic nature of the gender binary social violence drug and substance abuse issues related to punishment in society and more the text also explores the ways in which these challenges are perceived and dealt with in society learning about sociology and the sociological imagination inspires students to critically examine contemporary issues and to better understand their individual place within society the anthology is an excellent resource for foundational courses in sociology

in fifteen years charles lemert's social things has become a much loved modern classic among teachers students and many other readers for introducing the sociological imagination through lively memorable stories and interpretations this fifth edition is fresh the history of sociology section is updated to incorporate new discussions of the way sociological ideas have spread into numerous other fields to inform the new post disciplinary social theory the book now includes original yet practically vivid presentations of globalization queer theory critical race theory and much else and an entirely new chapter global things on a fragile planet addresses the environmental crises that challenge our global world lemert focuses on man made disasters like the gulf of mexico oil spill in 2010 and natural tragedies like the 2011 earthquakes and tsunami in japan in which the fragility of organized human life and the sociological incompetence of many social structures are dramatically

illustrated

handbook of human behavior and the social environment is a compendium of new theories for all aspects of social work practice it pulls together major theories and concepts used in the field by synthesizing this wide knowledge base via practical points of view and tracing the socio historical evolution of its content and the role of the social worker this handbook will assist social workers in achieving their primary goals fostering human well being and competent social functioning the authors describe the current social work curriculum developed by the council on social work education commission on educational policy and accreditation standards demonstrating how client and constituency engagement assessment intervention and evaluation are guided by knowledge of human behavior and the social environment hbse theory the handbook applies hbse theories differently depending on client system size context and needs major concepts include power oppression and identity formation this essential up to date volume formulates strategies to eliminate personal bias and to promote human rights in addition it integrates ethics research policy content diversity human rights and social economic and environmental justice issues it will serve as an insightful and influential guide to students professors and social workers

praised for its conversational tone personal examples and helpful pedagogical tools the fourth edition of explorations in classical sociological theory seeing the social world is organized around the modern ideas of progress knowledge and democracy with this historical thread woven throughout the chapters the book examines the works and intellectual contributions of major classical theorists including marx spencer durkheim weber mead simmel martineau gilman douglass du bois parsons and the frankfurt school kenneth allan and new co author sarah daynes focus on the specific views of each theorist rather than schools of thought and highlight modernity and postmodernity to help contemporary readers understand how classical sociological theory applies to their lives

a handbook of sociology sociology is the scientific study of human social behaviour and its origins development organizations and institutions it is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social actions social structure and functions a goal for many sociologists is to conduct research that may be applied directly to social policy and welfare while others focus primarily on refining the theoretical understanding of social processes subject matter ranges from the micro level of individual agency and interaction to the macro level of systems and the social structure the social world is changing some argue it is growing others say it is shrinking the important point to grasp is society does not remain unchanged over time as will be discussed in more detail below sociology has its roots in significant societal changes early practitioners developed the discipline as an attempt to understand

societal changes some early sociological theorists were disturbed by the social processes they believed to be driving the change such as the quest for solidarity the attainment of social goals and the rise and fall of classes to name a few examples the founders of sociology were some of the earliest individuals to employ what c wright mills labeled the sociological imagination the ability to situate personal troubles within an informed framework of social issues this book deals with all the development in the field of sociology in a historical context this book is useful for sociologists researchers and social reformers contents phenomenology and ethnomethodology neo functionalism and neo marxism structuration and post modernism conceptualising indian society

the second edition of classical and contemporary social theory provides wraparound coverage of the classical social theorists and influential sociological schools of thought in the contemporary period explained carefully and clearly throughout tim delaney reviews the key concepts and contributions from brilliant classical social thinkers and recent sociological thought spanning over 500 years of source material he weaves together profiles of leading theorists thorough descriptions of major academic and intellectual perspectives and discussion of prevailing themes of interest that have concerned theorists and sociologists throughout time and will likely continue to do so in the future the book emphasizes methods of investigation and application in its overview of the field by challenging readers to think about problems critically and in relation to key sociological theories and to also apply their sociological understanding to real everyday events in this new edition delaney revisits the classical period and highlights the special contributions of american social theorists and their impact on the diversity of thought leading into the contemporary era he attends to later schools of thought and weaves in important updates related to critical race theory and globalization with updated context and further applications the second edition of classical and contemporary social theory is a perfect addition to combined courses in social theory
